

## High Energy, Widely Acclaimed, Memorable Concerts

All our performances are highly entertaining, fun, participatory, and include some educational elements too. There's always something new to learn whether it's singing in a different language, steps to a folk dance, a new rhythm or details about a composer. Everyone can walk away with a smile on their face and a new bounce in their step!

*"Caron, Thank YOU for such a splendid and lively evening! I got such incredible feedback from your performance and was greatly thanked for "the best holiday ever!" I'm not sure it gets much better than that."*
